INTRODUCTION

BIRDS are the part and parcel of Indian Heritage, which have been reflected vividly in the religion, culture, tradition and socio-economic life of the people of Indian sub-continent.

The celestial birds, Garud and Jatau are described in our epic. The birds have occupied an important role in the literature, from ancient days to modern time. Till recently, the ducks and galliformes have played an important role in the socio-economic life of many tribes of our country.

Modern-Indian-Ornithology dates back to 19th century, the first major event being the publication of Jerdon's Birds of India in 1862. The British Naturalists like Allen Octavious Hume (1869) E.W. Otes & W.T. Blanford (1889-98) also started their systematic study on avifauna in India. Meticulous surveys of the bird fauna in various regions of India have been carried out by Dr. Salim Ali (1945, 1949, 1953, 1958 and 1962); Bates and Lowther (1952), Dharam Kumar Singhji (1954) and other orinthologists from time to time. The exemplary work on the birds of India systematically catalogued alongwith their descriptions in the 8 Vol. of Fauna of British India (E.C. Stuart Baker 1922) was the major achievement. The publications of 10 Vols. of the Hand Book of the Birds of India and Pakistan (Ali and Ripley, 1968-74) was a big land mark in Ornithological studies in the country. The above pioneering work has not only laid a firm foundation of Indian Ornithology but also, has greatly encouraged study on bio-ecology of birds in this sub-continent.

Orissa holds a major share of diversified habitats. The State, bounded by the Bay of Bengal on the East and the Deccan plateau on the West, with the Brackish water Chilika lake (largest in Asia), mud flats, mangrove forests and estuaries of Bhitarkanika, large perrenial rivers like

Mahanadi, Brahmani, Baitarani, Rushikulya and Subarnarekha, large tracts of forests at different elevations, number of man-made reservoirs provide ideal habitats for varieties of colourful acquatic, resident and migratory birds. The State also play host for the migratory birds which visit from far off places like Siberia, China. Mongolia, Afghanistan, Ladakh and Rann of Kutch etc.

The check list covers 446 species of birds in Orissa belonging to 15 orders and 57 families. Attempts have also been made to indicate the habitat status and behavioural pattern (whether resident or migratory) of birds. The classification adopted in this checklist is based as per the Book "Hand Book pf Birds of India and Pakistan (compact edition") by Ali and Ripley (1983).

This is the first attempt by the C.C.F. (WL) & C.W.L.W., Orissa for compilation & publication of the "Check list of birds of Orissa State". The Wildlife Wing of Forest Deptt. of Orissa is extremely thankful to Dr. U. N. Dev, celebrated Ornithologist, for his valuable help and contribution in bringing out this publication. Dr. S. K. Kar, Research Officer, Office of the CCF (WL) & CWLW has also helped in compilation of this publication.

It is hoped that this publication will be of use by the bird-watchers, scientists and nature-lovers. Any valuable suggestions for up-dating and improvement of the check list will be appreciated.

Tringa terek (Latham) WM, Ch, Cst.
145. COMMON SANDPIPER
Tringa hypoleucos (Linnaeus) R & WM, Ch, Cst.
146. TURNSTONE
Arenaria interpres interpres (Linnaeus) R & WM, Ch.
147. ASIAN DOWITCHER
Limnodromus semipalmatus (Blyth) WM, Ch. V.V.Rr.
148. WOOD SNIPE
Gallinago nemoricola (Hodgson) WM, Ch, Bk.
149. COMMON FANTAIL SNIPE
Gallinago gallinago gallinago (Linnaeus) WM, Ch, Bw, Cst.
150. JACK SNIPE
Gallinago minima (Brunnich) WM, Ch, Cst.
151. SANDERLINE
Calidris albus (Pallas) WM, Ch, Cst, Rr.
152. EASTERN LITTLE STINT
Calidris ruficolis (Pallas)

153. LITTLE STINT

Calidris minuta (Leisler) WM, Ch, Rr.

154. TEMMINCK'S STINT

Calidris temminckii (Leisler) WM, Ch. Bk, Cst.

155. DUNLIN

Calidris alpina alpina (Linnaeus) WM, Ch. Cst.

156. CURLEW SANDPIPER

Calidris testacea (Pallas) WM, Ch, Bk.

157. SPOONBILL SANDPIPER

Eury norhynchus pygmaeus WM. VRr.

158. BROADBILLED SANDPIPER

Limicola falcinellus falcinellus (Pontoppidan) WM. Ch.

Family: ROSTRATULIDAE

159. PAINTED SNIPE

Rostratula benghalensis benghalensis (Linnaeus) Rr. R.A.

Family: RECURVIROSTRIDAE

160. INDIAN BLACKWINGED STILT

Himantopus himantopus himantopus (Linnaeus) Rr, Ch. WM

161 AVOCET

Recurvirostra avosetta (Linnaeus) Rr. Ch. WM

Family BURHINIDAE - Stone curlew and Thick - knees.

162. INDIAN STONE CURLEW

Bruhinus oedicnemus indicus (Salvadori) R.A.

163. GREAT STONE PLOVER

Esacus magmirostris Rr. R. Mhd.

Family: GLAREOLIDAE (Coursers & Pratincoles)

164. INDIAN COURSER

Cursorias coromandelicus. A. R. Peh.

165. COLLARED PRATINCOLE
Glareola pratimeola. R. Ch. Bk.
166. SMALL INDIAN PRATINCOLE OR SWALLOW PLOVER
Glareolo lactea (Temminck) R, LM, Rr, A.

Family : STERKORARIIDAE - SKUAS AND JAEGERS.

167. ANTARTIC SKUA
Catharacta skua antartica (Lesson) WM, Rr, Ch, Prd.
168 POMATORRHINE SKUA OR JAEGER
Stercorarius pomarinis (Temminck) Rr, WM, Cst.

Family: LARIDAE - GULLS AND TERNS.

169. YELLOWLEGGED HERRING GULL.
Larus argentatus, WM, Ch. Bk.
170. LESSER BLACKBACKED GULL
Larus fuscus fuscus (Linnaeus) WM, Ch.
171. GREAT BLACKHEADED GULL
Larus ichthyaetus (Pallas)
172. BROWNHEADED GULL
Larus brunnicephalus (Jerdon) WM, Ch, BW, Cst.
173. BLACKHEADED GULL
Larus ridibundus ridibundus (Linnaeus) WM, Ch.
174. INDIAN WHISKERED TERN
Chlidonias hybridus indicus (Stephens) WM, LM, Ch.
175. GULLBILLED TERN
Hydroprogne caspia caspia (Pallas) WM, Ch, Cst.
176. CASPIAN TERN
Hydroprogne caspia caspia (Pallas) WM, Ch, Cst.
177. INDIAN RIVER TERN
Sterna aurantia (J. E. Gray) R & LM, Rr, Ch.
178. ROSEATE OR ROSY TERN
Sterna dougalli karustes (Humes)

179. BLACKBELLIED TERN

Sterna acuticauda (J. E. Gray) LM, Ch, Cst. Bk.

180. LITTLE TERN OR TERNLET

Sterna albifrons albifrons (Pallas) LM, Ch, Bk.

181. INDIAN LESSER CRESTED TERN

Sterna bengalensis bengalensis (Lesson) WM, Ch, Cst.

182. INDIAN SKIMMER

Ryynchops albieollis (Swinson) R, LM, Rr, Mhd.

Order : COLUMBIFORMES

Family : PTEROCLIDIDAE - SANDGROUSE.

183. PAINTED SANDGROUSE

Prerocles indicus indicus (Gmelin) R, Sbd.

Family : COLUMBIDAE - Pigeons and Doves.

184. INDIAN ORGANGEBREASTED GREEN PIGEON

Treron bicincta bicincta (Jerdon) R, Rmg. A.

185. BENGAL GREEN PIGEON

Treron phoenicopitera phoenicoptera)Latham) R.A.

186. NORTHERN GREEN IMPERIAL PIGEON

Ducula aenea sylvatica (Tickell) R.A. Spl. Bdr, Kpt, Gj.

187. INDIAN BLUE ROCK PIGEON

Columba livia intemedia (Strikland) R.A.

188. PENINSULAR TURTLE DOVE

Streptopelia orientalis erythrocephala (Bonaparte) R.A.

189. INDIAN RINGED DOVE

Streptopelia decaocto decaocto (Frivaldzky) R.A.

190. INDIAN RED TURTLE DOVE

Streptopelia tranquebarica tranquebarica (Hermann) R.A.

191. INDIAN SPOTTED DOVE

Streptopelia chinensis suratensis (Gmelin) R.A.

192. LITTLE BROWN DOVE OR SENGEGAL DOVE
